PREPARATION

Doctor of Philosophy Aug. 2012 – May 2017	**University of Miami, Rosenstiel School of Marine and Atmospheric Science** – Miami, FL Applied Marine Physics, Chair: Prof. Brian Haus
Bachelor of Science Sep. 2007 – Dec. 2011	**University of California, San Diego** – La Jolla, CA Physics w/ specialization in Earth Science (Minor: Marine Science)

APPOINTMENTS

Jul. 2026 – present	**Visiting Research Scientist –** Daejeon, Republic of Korea Korean Ministry of Defense, Agency for Defense Development,
Jul. 2025 – present	***Research Associate Professor*** **–** Monterey, CA Naval Postgraduate School, Department of Meteorology
Dec. 2019 – Jun. 2025	***Research Assistant Professor*** **–** Monterey, CA Naval Postgraduate School, Department of Meteorology
Sep. 2017 – Dec. 2019	***Faculty Research Associate*** **–** Monterey, CA Naval Postgraduate School, Department of Meteorology Supervisor: Prof. Qing Wang
Jun. 2017 – Sep. 2017	***Postdoctoral Research Associate*** **–** Miami, FL University of Miami, Rosenstiel School of Marine and Atmospheric Science Supervisor: Prof. Hans Graber
Aug. 2012 – May 2017	***Graduate Research Assistant*** **–** Miami, FL University of Miami, Rosenstiel School of Marine and Atmospheric Science Supervisor: Prof. Brian Haus
Spring 2015, 2016	***Graduate Teaching Assistant*** **–** Miami, FL University of Miami, Rosenstiel School of Marine and Atmospheric Science

AWARDS & RECOGNITION

2026 Engineer & Science Exchange Program, US Navy
2023 Office of Naval Research Young Investigator Program
2019 AGU Celebrate 100 Grant
2019 IEEE/OES Twelfth Currents, Wave, Turbulence Measurement and Applications Student/Early Career Award
2017 Graduate Studies Service Award, University of Miami – RSMAS
2013 Best Student Research Proposal, Applied Marine Physics Division, University of Miami – RSMAS
2010 California Sea Grant, John D. Isaacs Marine Undergraduate Research Assistantship

RESEARCH ACTIVITY

(Includes funding totals for projects at the P.I. and Co-P.I. level)

2026 – pres. **PI,** ESEP to the Republic of Korea, (NIPO, DR-161445), **$89K**
2026 – pres. **PI,** ESEP to Support US Navy Research on Advanced EO/IR Sensors and Systems, (NAVO, DR-160846), **$50K**
2026 – pres. **PI,** The Impacts of Marine Atmospheric Turbulence & Structure on EO/IR Propagation (ONR, DR-161046), **$315K**
2025 – pres. **PI**, Advancing Littoral wave Breaking and EM Research Through drone Observations (CRUSER), **$204K**

2025 – 2026 Exploiting METOC forecasts in planning for contested logistics (Naval Research Program/Chief of Naval Operations NPS-26-N112-A)
2024 – 2025 Value of Extended-Range METOC Forecasts in Planning for Contested Logistics (Naval Research Program/Chief of Naval Operations NPS-25-N143-A)
2022 – pres. **PI**, The Impacts of Waves, Breaking, and Marine Aerosol Entrainment on the Marine Atmospheric Surface Layer (ONR N0001423WX00658), **$748.6K**
2021 – 2026 **PI**, Naval Partners for Enhancing STEM (in partnership with Prof. Gilly & Stanford University, ONR N0001421WX01731), **$367.6K**
2021 – pres. Fog And Turbulence Interactions in the Marine Atmosphere (ONR N00014-21-1-2296)
2020 – 2024 **Co-PI & Field Chief Scientist**, Coastal Land-Air-Sea Interaction (ONR N0001421WX01153), **$573.2K**
2023 **PI,** sUAS Remote Sensing of Breaking Waves using EO/IR Camera Systems (CRUSER Seed Research Program), **$96.8K**
2022 **PI,** sUAS-based Remote Sensing of Surface Waves and Breaking using an EO/IR Camera System (CRUSER Seed Research Program/ONR), **$98.1K**
2017 – 2022 Coupled Air Sea Processes and Electromagnetic ducting Research (ONR N0001418WX01087)
Jun. 2016 **Field Chief Scientist**, Coastal Land-Air-Sea Interaction Pilot (ONR N00014-17-1-2800)
2014 – 2016 Can a Spray Infused Boundary Layer Alter the Air-Sea Momentum Transfer Rates in High Winds? (NSF 0933943)

PROFESSIONAL SERVICE

Referee: *Atmosphere, Boundary-Layer Meteorology, Bulletin of Marine and Atmospheric Science, Environmental Fluid Mechanics, Geophysical Research Letters, Geoscientific Model Development, Journal of Atmospheric and Oceanic Technology, Journal of the Atmospheric Sciences, Journal of Geophysical Research, Journal of Marine Science and Engineering, Journal of Physical Oceanography, National Science Foundation, National Oceanic and Atmospheric Administration, npj Climate & Atmospheric Science, Oceanography, Physics of Fluids, Quarterly Journal of the Royal Meteorological Society*

Leadership & Service

2025 – present **Associate Guest Editor**, Nexus of Fog and Turbulence in the Marine Boundary Layer: Outcomes of the FATIMA Mega Project
2025 – present **Member (invited),** NSF/UNOLS Regional Class Research Vessel Science Oversight Committee
2025 – present **Chair (invited),** 7th Conference on the Air-Sea Interface Steering Committee
2021 – present **Member (invited)**, Western Flyer Foundation Science Advisory Board
2025 – 2026 **Member,** NPS Accreditation and Assessment Steering Committee
June, 2025 **Panelist**, Collaborations in AI and Geosciences, NSF Geosciences Directorate
2024 **Member**, Inclusion & Diversity Council, Naval Postgraduate School
2022 – 2023 **Member**, U.S. CLIVAR Air-Sea Transition Zone Study Group
2020 – 2022 **Lead Guest Editor** organizing the ONR MURI CASPER Special Collection in AGU journals
2018 – 2022 **Member** of American Meteorological Society's committee on Air-Sea Interaction

Synergistic Activities

Feb. 2022 **Convener,** *Remembering the FLIP: Perspectives on the Legacy of an Iconic Platform*, AGU/ASLO/TOS Ocean Sciences Meeting 2022
Feb. 2022 **Primary Chair,** AGU/ASLO/TOS Ocean Sciences Meeting 2022
Jan. 2021 **Conference Organizer & Session Chair**, AMS 22nd Conference on Air-Sea Interaction
Feb. 2020 **Chair,** AGU/ASLO/TOS Ocean Sciences Meeting 2020
Dec. 2019 **Session Convener & Moderator,** *Perspectives on Parenthood within the Academic Research Environment*, Centennial Central, Science Nexus, 2019 Centennial AGU Fall Meeting
Feb. 2018 **Primary Chair,** AGU/ASLO/TOS Ocean Sciences Meeting 2018
Feb. 2016 **Primary Chair,** AGU/ASLO/TOS Ocean Sciences Meeting 2016

ADVISING & MENTORING

- LT Leroy Gray, Ph.D., Meteorology, Primary Adviser (*December 2029, expected)*
- Brady Liang (research assistant), Saratoga High School
- Eric Guzman-Murguia (intern), California State University Monterey Bay
- Dr. Sagi Knobler (postdoc)
- LCDR Dantaun Bernstein, M.S., Meteorology & Oceanography, Primary Adviser *(Spring 2026)*
- LT Nate Glaubitz, M.S. Meteorology & Oceanography, co-Adviser *(Fall 2025)*
- LT Jeré Combs, M.S. Mechanical Engineering (Outstanding Thesis), Primary Adviser (*Spring 2025)*
- LCDR Syed Saad, M.S. Oceanography, co-Adviser *(Fall 2025, expected)*
- ENS Jackson R. Dabek, M.S. Mechanical Engineering, Primary Adviser *(Spring 2023)*
- Basil Darby (SJSU/Moss Landing), M.S. Physical Oceanography, mentor

TEACHING

Summer 2025 Co-Instructor, *Tropospheric & Stratospheric Meteorology*, Naval Postgraduate School
Summer 2025 **Invited Lecture**, *Monterey Bay Meteorology*, *Monterey Bay Sophomore College 2025*, Stanford University
MR 4900, ***Co-Instructor,*** *Independent Study Course on NPS STEM Outreach Projects*
Summer 2024 **Invited Lecture**, *Monterey Bay Meteorology*, *Monterey Bay Sophomore College 2024*, Stanford University
Summer 2023 **Invited Lecture**, *Monterey Bay Meteorology*, *Monterey Bay Sophomore College 2023*, Stanford University
Spring 2023 **Guest Lecture,** *Tropospheric & Stratospheric Meteorology*, Naval Postgraduate School
Summer 2021 **Instructor**, *Introduction to Statistics for Atmosphere and Ocean Sciences*, Naval Postgraduate School
Spring 2017 **Guest Lecture**, *Coastal Physics and Engineering*, University of Miami
Spring 2015/16 **Lab Instructor**, *Physical Oceanography Lab*, University of Miami

FIELD STUDIES & EXPEDITIONS

Oct. – Nov 2024	**Chief Scientist**, HexEx, Monterey Bay, *29 total field days*
Jun. – Jul 2023	**Co-Chief Scientist,** FATIMA, Yellow Sea/S. Korea, *31 total field days*
Jan. – Mar 2023	**Co-Principal Investigator**, CLAS, Florida Gulf Coast, *19 total field days*
Aug. – Oct. 2022	**Co-Principal Investigator**, CLASI, Monterey Bay, *17 total field days*
Jun. – Aug. 2022	**Co-Principal Investigator**, Fog And Turbulence Interaction in the Marine Atmosphere (FATIMA), Sable/Grand Banks, *44 total field days*
May – Oct. 2021	**Co-Principal Investigator/Field Chief Scientist,** Coastal Land-Air-Sea Interaction (CLASI), Monterey Bay, multiple platforms, *75 total field days*
Sep.– Oct. 2017	**Investigator**, Couple Air Sea Processes and Electromagnetic ducting Research (CASPER), R/P *FLIP*, Southern California, *35 total field days*
Jun. 2016	**Investigator/Small Boat Chief Scientist**, Coastal Land-Air-Sea Interaction Experiment, Monterey, CA, *18 field total days*
2013 – 2015	**Investigator**, CARTHE Drifter Design Project, Miami, FL, *22 total field days*
Dec. 2013	**Research Assistant,** CARTHE: Surfzone and Coastal Oil Pathways Experiment (SCOPE), Destin, FL, *17 total field days*
May – Jun. 2013	**Research Assistant,** Riverine Estuarine Transport (RIVET), R/V Point Sur, Mouth of the Columbia River, Astoria, OR, *18 total field days*
Apr. 2013	**Principal Investigator,** Applied Marine Physics Graduate Research Project, Biscayne Bay, Miami, FL, *3 total field days*
Feb. – Mar. 2013	**CTD Watch Stander**, NOAA Western Boundary Time Series 2013, R/V Ronald H. Brown, *17 total field days*
Oct. 2009	**Research Assistant**, Imperial Beach Pollutant Transport and Dilution Experiment, Scripps Institute of Oceanography, Imperial Beach, CA, *20 total field days*
